

LONDON NATURAL HISTORY SOCIETY

TALKS • WALKS • WORKSHOPS • EVENTS

MARCH 2025 – AUGUST 2025

Due to high demand we are now asking people to register to attend Hampstead Heath Survey Section walks by simply e-mailing hampsteadbookings@lnhs.org.uk, (with the date and subject of the walk you wish to join in the title of your e-mail). Those without access to e-mail are still welcome to turn up but the new registration system will allow us to cap group numbers and communicate any last-minute changes directly.

The LNHS Library

The LNHS library is a rich resource for naturalists with an extensive collection of books, journals, and other publications on British natural history. It is housed in the Angela Marmont Centre for UK Biodiversity at the Natural History Museum, Cromwell Road and there is a Society Librarian. The catalogue is available on the Society's website. We are keen to see more members using this wonderful library so please do make time to visit. We hope to hold more events here so keep an eye on the website calendar for updates.

The library is accessible anytime the Angela Marmont Centre is open and the LNHS Librarian Team are onsite every Wednesday from 10:00 to 15:00 and every third Saturday of the month 13:00-15:00. You can get a librarian to help at other times by arrangement, email library@lnhs.org.uk.

Our newly founded LNHS bookclub will be continuing in 2025. Natural History book titles and future meeting dates are decided at each meeting by participants and then posted on the LNHS website Activity Calendar. Meetings will be approximately every two months, from 10:30–12:00 on a Wednesday, at the LNHS library. New members always welcome.

Sun 2 Mar 2025 10:30–14:00 **Field Meeting** London Bird Club: London Wetland Centre – Gehan and Nirma de Silva

One of Europe's premier urban wetland reserves. Summer birds and other wildlife. Meet outside visitor centre at 10.30am by Sir Peter Scott statue.
